

MOULIN-À-VENT *domaine de la pierre* 2018

- Appellation Moulin-à-Vent
- Estate vines 14 ha
- Soil composition Granite and Alluvial
- Harvest Hand-picked
- Average yield 45 hl/ha
- Varietal 100 % Gamay
- Average Vine Age 30 years
- Pruning Gobelet
- Density of Vines 10000 vines/ha

Description

The Domaine de la Pierre has 14 hectares on the appellation Moulin-à-Vent. His plots are mainly located on the "granite vein" of Romanèche-Thorins. Our climats are "La Teppe", "Les Métérées", "La Bruyère", "En Brenay". Those vineyards have sandy clay soils oriented East and Southeast. Two of the plots are located on the climat "En Morier" facing South and near "Grimarais", exposed slightly Southeast. Both are characterized by heavier clay soils, located on ancient foothills with alluvial deposits.

Tasting note

The Moulin-à-Vent from Domaine de la Pierre 2014

Suggested food pairings

Roasted veal, fillet of beef, truffles, girolle mushroom, game, cheese.

Serving temperature

12-15°C

Press review
